

SECRET NOFORNNPIC/D-167/62
24 September 1962

MEMORANDUM FOR: Assistant to DD/I (Planning)

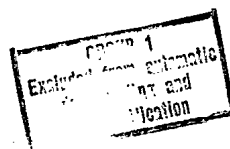

SUBJECT : Cuban Missile Site

A newly identified missile installation has been located 9.5 nm E of Havana 3.7 nm west-southwest of Campo Florida at coordinates 23°06' 30"N 82°11' 00"W. The installation is situated approximately 4 nm south from the coast at an elevation of approximately 150 feet. The site is secured by a fence and consists of some equipment that is similar in both configuration and general layout as that found at missile sites near Banes and Santa Cruz del Norte. The equipment consists of two unrevetted probable canvas covered launchers approximately 175 feet apart and oriented 254° and 228° respectively, two probable vans, seven canvas covered trailer-type vans two of which are probably electronic, associated; all of the above mentioned equipment is inter-connected by cable, six canvas covered missile transporters, six trailer vans, four truck vans, four tents and seven unidentified pieces of equipment.
